FRANK THOMSON DEAD

Famous Railroad President
Died of Indigestion.

HIS DEMISE WAS UNEXPECTED.

Ill About Two Weeks, but Was Expected to Recover—Had Been Connected With the Pennsylvania Railroad Since He Was 17 Years Old.

PHILADELPHIA, June 6.—Frank Thomson, president of the Pennsylvania Railroad company, died about 7:30 o'clock last evening at his home at Marion, a few miles out of the city. Mr. Thomson had been ill about two weeks. He returned to his home on May 20 from a tour of inspection, which he, with other officials of the company, had made over the main and leased lines of the Pennsylvania railroad system. The trip had occupied about a week. Upon his return he was suffering from acute indigestion and at once took to his bed and placed himself in the hands of his physician. Mr. Thomson had enjoyed extraordinary good health and his relatives and friends believed he would soon rally and recover from his indisposition.

His death was rather sudden and was wholly unexpected. Mr. Thomson was 58 years of age and since he reached the age of 17 years, had been in the service of the great railroad company of which he had been the head during the last two years of his life, he having succeeded to the presidency in 1897 on the death of George B. Roberts.

FEARS FOR BLAND'S LIFE.

The Congressman's Condition Very Serious—Family at the Sick Man's Bedside.

LEBANON, Mo., June 6.—Congressman Richard P. Bland's condition was very serious, and grave fears were entertained for his recovery. While he had rallied somewhat from the apparent collapse of Sunday, there was great anxiety on the part of his immediate friends and the attending physicians. All the members of his family are at the congressman's bedside, the absent ones having been summoned by telegraph. The patient is suffering from nervous prostration, the result of an attack of grip shortly after his return from Washington, and he has been confined to his room for two months. His extreme physical weakness is at present the most alarming feature of the case, which at his time of life renders the issue extremely doubtful. His inability to sleep without the use of opiates is another element of danger.

Winsomeness in Women.

Hints from Dr. Hartman concerning beauty and gracefulness.

dispositions make firm friends. Beauty of face is nature's gift. Graceful movement, if not natural, may be acquired. To permanently retain these happy possessions health is indispensable. The thousand and one physical ills peculiar to women make them fretful and plain. These troubles, whether of the stomach, are catarrhal, and intimately associated with the nerves. Catarrh is inflammation, and is essentially the same everywhere, whether in the head, stomach or pelvic organs. The scientific, successful remedy for all phases of catarrh is Per-na. Its action is through the nerves, driving all inflammation out of the

membranes. Mrs. O. F. McHargue, Bozeman, Mont., writes:

DEAR SIR:—I am enjoying life better than I have for two years. I feel like a new woman; my appetite is good and I have gained at least ten pounds. I feel my duty to recommend your treatment to all ailing sisters with whom I come in contact. I cannot say too much for your medicine.

Dr. Hartman's special book for women, called "Health and Beauty," is mailed free by the Per-na Medicine Co., Columbus, O. All druggists sell Per-na.

Women who have suffered and been cured know how to sympathize with others. The wearying pains and aches they endure are so mysterious, and permanent relief so difficult, that once the correct remedy is found they become its warm advocates. Miss Maggie Watkins, Carnegie, Pa., writes:

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SPITE FENCE

The Result of a Long Drawn Out Dispute.

It Has Been Erected In the Center of a Driveway.

An eight foot, tight board fence between the residence of S. K. Zwiler and O. P. Kintz at 115 and 117 Wooster avenue, is the result of a long drawn out dispute over the right to the use of the driveway between the properties.

The warring neighbors aired their troubles in Common Pleas and Circuit court. Kintz claimed that when he purchased his lot it was with the understanding that he should use the driveway so long as it was owned by Zwiler. A very few weeks after he took possession Zwiler transferred his property to his wife and preparations were at once made to build a fence down the center of the drive.

Kintz at once filed injunction proceedings. He lost the case and the spite fence was put up. The rough side is toward Kintz's house.

On a post, near the front of the yard of the last named is a large sign reading:

NOTICE.

THIS FENCE WAS BUILT BY ZWILER.

It is said the families do not speak now as they pass by.

Strike Violence Fanned.

FINDLAY, June 6.—A strike is on at the Findlay Crushed Stone company's plant. The situation is growing serious and Sheriff Ewing was asked for assistance, the management fearing acts of violence. It is understood that a gang of Poles is to take the place of the strikers.

Seven Heat Prostrations.

SPRINGFIELD, O., June 6.—There were seven heat prostrations here. James Johnson will probably die. The others are recovered.

Electric Road Commenced.

FINDLAY, June 6.—Work on an electric road which will extend from Cleveland to Indianapolis has begun at this point.

Metemur Applied For Bail.

UNIONTOWN, Pa., June 6.—William C. McCormick, through his attorney, W. C. McKee, applied to be admitted to bail. The papers were drawn up and the court fixed this evening for a hearing in the matter. The case will come before the grand jury next sitting, and the case may be called for trial this week. It is not thought likely that it will be taken up, for neither side will be ready for trial. Defendant told his story to the coroner. It differed little from the published account.
